The great battle has been fought in the election of Senators. Owing to the unfairness with which the Senatorial districts were laid off by the last whig legislature, all understood and appreciated our danger. Hence, our 10d per cwt. strongest men were selected, and our party cordially united upon them. The consequence is, that we have carried this branch of the Northern markets, some activity has been displayfor the representative branch, we could just a f 42; 140 tcs. to arrive from New York, f.36 a use to mourn over what we might have ac- for home use-stock, 200 tcs. complished. We have not, as a party, put our shoulders to the wheel with all the force and energy of which we are capable, and we 30, 1844, up to June 4, 1845, in 48 vessels, inhave therefore been defeated. Let us take cluding the Rainbow and Venice: warning, and be better prepared next time. There can be little doubt that the aggregate

votes for Senators will show that the democratic party is still the strongest in Georgia, and we would respectfully suggest to our friends of the Federal Union, the propriety of obtaining from the executive department a statement of those votes for publication, in order that the correctness of this opinion can be ascertained. It would doubtless be gratifying to their readers and the public. Athens Banner.

WILMINGTON MARKET

WILMINGTON MARKET-Oct. 23. As we anticipated in our last report, a considerable amount of produce has come to market dur-

ing the past week. A large amount of Timber has arrived, of which a considerable quantity still remains unsold. There is still some coming in. A considerable quantity of rain has fallen during the present week, and we think that most of the interior streams will get up sufficiently to permit our country friends bringing their produce freely to market. TIMBER AND LUMBER .- Since this day

week, a large amount of Timber has arrived-as nearly as we can estimate upwards of 100 Rafts have arrived. Sales have been made for Mill Timber at from \$5 to \$7 50. The principal sales have been made at from \$6 to \$7 for fair qualities. One Raft of shipping Timber was sold on Friday last at \$9. There is now a considerable amount of Timber on the market, and there is a tendency PER BATTALION of North Carolina to a decline in prices. The present market price of this article has arrived.
